AAPC Statement on Passage of Three Free Trade Agreements

WASHINGTON – The American Automotive Policy Council (AAPC) – representing its member companies Chrysler Group LLC, Ford Motor Company and General Motors Company – applauds Congress for passing free trade agreements with Colombia, Panama and South Korea, as well as reauthorizing the Trade Adjustment Assistance program.

“In particular, we thank the administration and Congress for their hard work to improve the auto provisions of the Korea free trade agreement and for approving all three agreements,” AAPC President Matt Blunt said. “These free trade agreements will further open important markets for Chrysler, Ford and GM exports, and protect American jobs. Our companies make the best cars and trucks on the road and we are excited for the opportunities these agreements represent.”
